WHO?

Penny Wise
NOT POUND FOOLISH

Our ideal customers do not want to risk the quality of stainless screws to save Rupees and end up spoiling their project worth crores.

6 Individual Verticals

01

PRE ENGINEERED BUILDINGS

Every screw is counted for on Day 1

02

INDUSTRIAL SHEDS

Roofs that leak due to poor and rusted screws is a pain.

03

DAL MILLS

The high roofs must be screwed well once and for all

04

GINNING PLANTS

World class cotton must have a perfectly screwed roof on top

05

LOGISTICS PARKS

Amidst managing supply chain for clients a bad screw can mar your business

06

FABRICATED SHEDS

It's not wise to be penny wise and pound foolish with screws

WHO ARE OUR TYPICAL CHANNEL PARTNERS?

Our B2B Partners are the ones who can sell the concept of consistent quality to its buyers by becoming a **Strategic Partner** and not just a bulk vendor.
